Love Learning!

Recently, six of us attended a ROC conference in Covington. Including one member who accepted to represent us in place of our Treasurer, Drew. (We all hope Holly continues to mend well)

Historian, Leslie Brauer sums up the experience perfectly!

“The recent HOG Regional Officers Connection offered opportunities to connect with HOG Chapter representatives from KY, IN, OH and WV. Our focus was on riding and having fun as well as creating more inclusive and engaging Chapters. We achieved this by sharing our goals and ideas about growth and retention and ways to provide a positive and diverse environment for our members. There were so many great ideas presented that we will be exploring to make your membership in Derby City HOG the best experience we can provide for you, our members. I was proud to represent our Chapter at this “gathering”.”

Chels (Cha-Cha) Watson said, “Attending the ROC was an amazing experience, especially as my first Harley Leadership Convention. I gained valuable insights into the club’s processes and challenges while sitting at the president’s (directors) table. The wealth of experience in the room inspired me and ignited my desire to become an officer one day!”
