

H.O.G. Trails

Screw it, Lets ride!

Here's what our New Years Day riders experienced:

Cha-Cha Watson said "This was my first time participating... and wanted to embrace it fully. Riding...all year motivated me to join despite the cold. ...Focusing on mental toughness to push through. Next time I plan to be better prepared with heated gear."

Ron & Karla Dunbar said it was "A great ride" and "The people at the...gas station...let us stay until we warmed up and even gave us free coffee."

Joshua Coy Stout simply stated it was "Super cold!"

No doubt it was cold, but not as bad as it has been lately. So stay encouraged to get out there, safely, and enjoy the ride any chance you get!

Bluegrass Harley-Davidson has what you need to keep warm on cold days, just ask Stacie, Kelly or any of the helpful crew in Motorclothes!

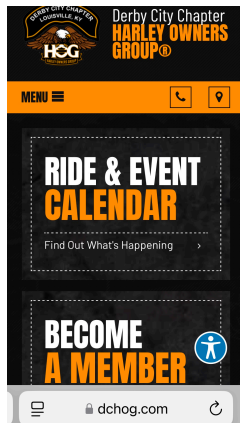

Happy New Year!

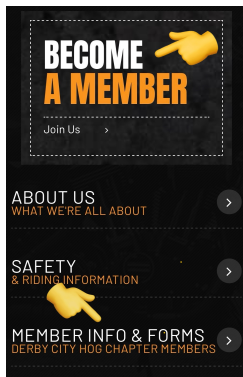

The saying goes, "Can't ride every day if you don't ride on the first!" So, Steve Carlisle led these brave souls and kept that tradition going! Congratulations to this ambitious group! May your motors keep you riding, your seats be cushioned and your tires stick to the road 🏍️
