Advice from our Safety Officer, Gilbert Rogerson

Spring cleaning after the Winter hibernation is a great time to spend extra time performing your T-clocs inspection.

Schedule any service you may need & have them do the T-clocs for you. You may also want to thoroughly clean and wax/polish your bike as well. “Ride safe and keep the shinny side up”.

You can download your T-Clocs inspection list at: dchog.com click on “Safety” tab
